Introduction to new grading system.

- Getting geared up for the year!
- Not Just a Letter Grade.
- Student Support System (SSS).
- Use self and peer evaluation.
- Tests are geared towards hands on activities as opposed to standardized testing.

Getting geared up for the year!

- Each teacher will be required to go into the home of each student before the year starts.
- Grades for quarterly visits.
- End of year Assessment.

Not Just a Letter Grade!

- Providing students with appropriate feedback throughout assignments.
- Teacher/Student communication.
- Example.

Student Support System

- Class Goals and extreme cases.
- No Zeros.
- Attendance.

Evaluation

- Group grades/projects.
- Self and Peer evaluation.
- Self-Responsibility

Hands On vs Standardized Assessment

- Hands on activities allow students to show comprehension and application rather than a written assessment.
