

# **Implementation of Proposed New Grading Procedures Pre K-8<sup>th</sup>**

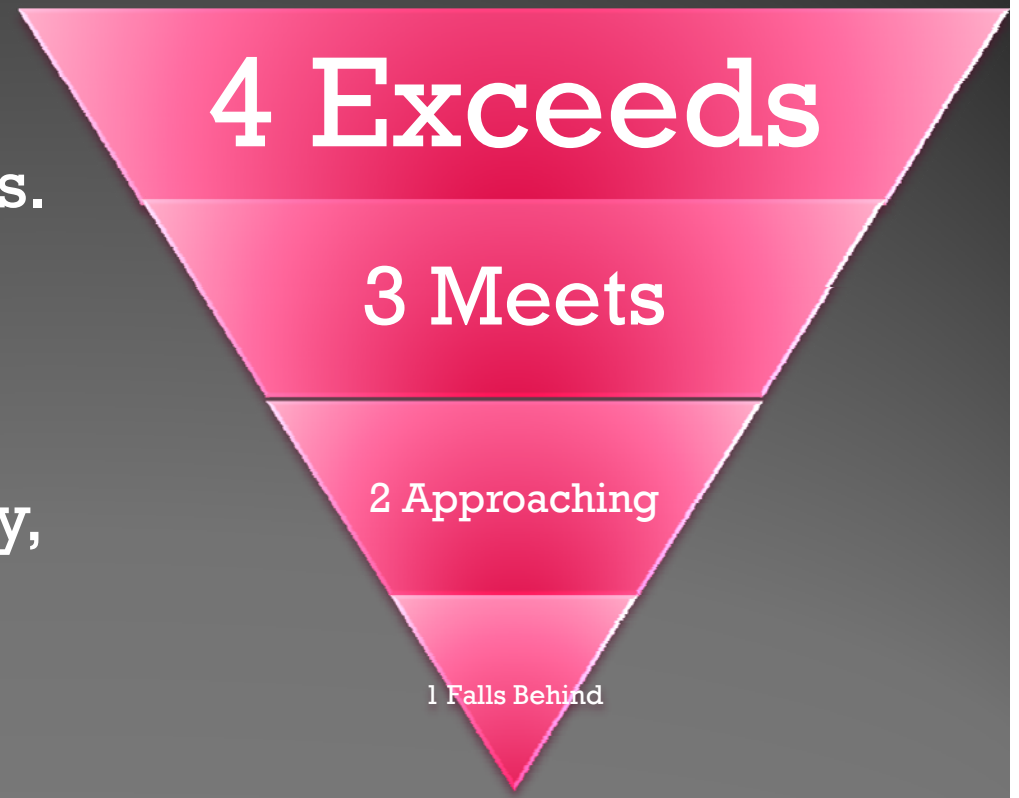

Prepared by Brice, Carley, and Rachel

# Subjects to Change

- Loss of letter grades
- Zeros aren't permitted (ZAP)
- Performance based
- Attendance

# Where did the Letters go?

As a group, we decided that letter grades do not help the students that see A, B, and C on their report cards. The real meaning of mastering the course should be whether or not they have exceeds mastery, meets mastery, approaching mastery, or falls far behind mastery.

# ZEROS AREN'T PERMITTED

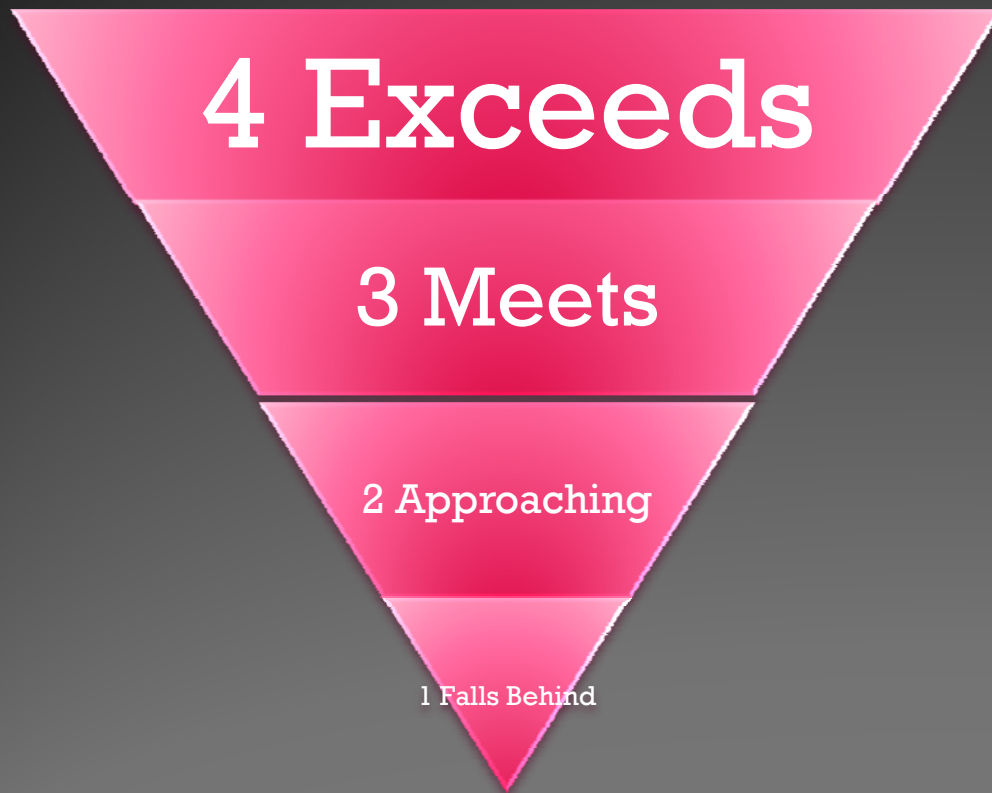

(ZAP)

- What is ZAP?
- Policy where the student has until 8:30 a.m. the following morning to get their homework from the previous day finished.
- If student does not complete the work by 8:30, then they will use their recess time to finish.
- In the end an elimination of zeros for students.

# Performance Based

- Start of the school year performance base will begin immediately.
- Students will either be put into group or work independently on projects that reflect mastery of the state standards.
- Therefore each subject math, science, social studies etc... will be multidisciplinary.

# Attendance

- Attendance will be based upon the same guidelines of the proposed grading system.
- Average out the attendance quarterly and average the subject grades. Combine the two scores and average them together for the cumulative grade.

# The Next Step

- The following letter will be sent out to all the homes in our school district.
- Followed up with open forums to the public for further information and answering of any questions.
- June 25<sup>th</sup>
- July 23<sup>rd</sup>
- August 15<sup>th</sup>
